

**STATEMENT OF CANDIDATE FOR
CITY OF LINCOLN, COUNCIL MEMBER**

Mary Olsen

Age: 51

Occupation: Business Owner

Education and Qualifications: Rapid growth, traffic, parking and public safety. These are the buzz words of Lincoln today. I know these are concerns of yours, and I share those same concerns. But, what we do with these issues, will determine the Lincoln of tomorrow.

I intend to insure that our infrastructure will be able to support future construction in a manner that does not compromise our small town atmosphere keeping Lincoln first. And, of utmost importance is getting our police and fire personnel ratios to their maximum.

My background in business ownership, education, law and political service offers you the most well rounded and informed candidate running. Having served as a Council member in another city, I know the impact that Council decisions and negotiations can have on the future.

I promise that I will listen to your concerns and do my best to handle them in a fair and impartial manner. I will dedicate myself to serve as your public servant in the best interest of the City of Lincoln.

If you're looking for a fresh approach to City government, and a Council member that will serve your interests, vote Mary Olsen on November 2.
